

SURENDRA GROUP

INTRODUCTION

SURENDRA GROUP of industries was established in the year 1973 as a trading firm in minerals and gradually shifted to manufacturing and mining. With almost 45 years in business, it is now a leading manufacturer of various minerals like Dolomite, Calcite, Lime Stone, Quartz, Silica Ramming Mass, Feldspar (both Soda & Potash), Ground Calcium Carbonate, Talc, China Clay, etc. from 100 mesh to 2 Microns size and with a turnover of over 2.5 Lakh Tones per annum.

SURENDRA GRINDING MILLS, a member of SURENDRA GROUP, is located at Alwar, Rajasthan. It was started with one 3 Roll Raymond Mill at Rajgarh, Distt. Alwar in the year 2000, Within a span of 19 years, it is now operating 12 Raymond Mills and 5 Manganese Steel Alumina Lined Ball Mills duly fitted with 8 ultra modern micronising plants, capable of manufacturing micronized Calcium Carbonate powder (CaCO₃) up to 2 micron size. Both coated & uncoated materials are available. Coating with Stearic Acid (fatty acid) is done in very highly, sophisticated coating machines.

With mining & manufacturing facilities at 9 different places in India, we are catering to various industries viz. Glass [container, sheet & fiberglass], ceramic wall & floor tiles, sanitary ware, detergent, paint, plastics, steel, foundries etc. We are supplying our products with entire satisfaction in both domestic and global markets.
